

## **The Fly Dressers' Guild 2023 AGM**

### **Treasurer's Report**

I took over the position of Treasurer during 2022 following the illness and indisposition of the previous Treasurer.

The accounts for the financial years ending on 31 August 2021 and 2022 have necessarily been prepared from incomplete records.

2021 was seriously affected by Covid and by the lack of access to the bank account which prevented membership renewal reminders and confirmations being sent.

The records of income from the John Watts and Elinor in 2021 were not available and there was no BFFI that year.

The production of a couple of issues of *Flydresser* in late 2021 and the early part of 2022 was possible solely due to the financing of the operation by the Editorial Committee.

In 2022 things have returned to more normal and membership income is recovering.

The opportunity has been taken in 2022 to write down the inventory to the best estimate of its recoverable value.
