

## **The Fly Dressers' Guild 2023 AGM**

### **Membership Secretary's Report**

Membership has decreased as a result of the pandemic, lack of participation at the various shows and decreased branch activity. There has been a recent influx of new members, both from overseas, particularly Finland, and from the UK. It is to be hoped that older members will return as activities pick up.

Please support your local branch and if there is not one, consider setting one up. I am able to advise if there are other members in your area.

Members are reminded that renewals are due in September of each year. Some members have standing orders set up for different times of the year. It would be appreciated if these could be amended to 1 September yearly. Renewals have been completed for 2022/23. The renewal process has been easier this year since I now have online access to the Guild's bank account.

Members are also reminded that the Members' Area on the website can be accessed using the details on your membership card. Your username is the name on the card without the title ( Mr, Mrs, Miss, Dr, etc. ) and your password is your membership number.
